- Students may not receive financial aid for any attempted credits that exceed 150% of their published program. For example, for a 60-credit degree program, students become ineligible when they have attempted 90 credits.

Important Information About Financial Aid:

- Students who withdraw from classes must be aware that their financial aid may be affected. Please consult with the Financial Aid Office before withdrawing.
- Financial aid does not cover non-credit courses.
- Students do not have to be full-time in order to receive aid.

 - an initial payment for the payment plan.
 - a letter from a third party provider for an unconditional guarantee of payment.
 - an applicable Tuition/Fee Waiver Form.
- NVCC is offering payment plans earlier than ever before, giving students more time to plan and pay for college costs. Payments may be made at the Bursar's Office in Room K508, during regular office hours. Cash, check, Visa, MasterCard, American Express and Discover are accepted forms of payment. Students may also pay online at my.commnet.edu, with Visa, MasterCard, American Express, Discover or electronic checks.

Refund Policy for General Fund Courses

Definition of a General Fund course: Any credit course offered during the fall and spring semesters with the exception of Late Start courses.

- When registering for courses, students pay a non-refundable deposit equal to the total fees for their courses.
- Students must notify the Office of the Registrar (in person/ email/fax) in order to request a tuition refund. A full refund (100%) of tuition and lab usage fees only will be granted if notice is made to the Office of the Registrar of reduced course load through Tuesday, January 16, 2018 (online/email/fax). For notice of reduced course load received Wednesday, January 17 through Tuesday, January 30, 2018, a 50% refund of tuition and lab usage fees only will be granted. In either case, College services, student activity and clinical program fees are neither refundable nor reducible unless the changes are due to course cancellations. No refund will be granted for notices of withdrawal or reduced course load received after Tuesday, January 30, 2018. Refund checks will be sent from the board office directly to the student. Policy assumes the student is paid in full at the time of withdrawal.

Refund Policy for Extension Fund (Late Start) Courses

If the College cancels a course, students receive a full refund of all tuition and service fees. This does not include the \$20 one-time application fee for new students. A student who drops a credit extension course on or prior to January 30, 2018 will receive a full refund of tuition only. If the student officially withdraws on January 31, 2018, there is no refund and the student will receive a "W" on his/her transcript.

Senior citizens may register and have their General Fund Tuition, College Services and Student Activity Fees waived. These costs, along with the application fee, are completely waived for Connecticut residents at least 62 years of age on a space-available basis. Students are responsible for supplemental and material fees that are associated with specific courses. See Page 9. Distance Learning Courses

Distance learning courses are fully or partially (hybrid) online courses designed for highly motivated students who are looking to add flexibility to their busy schedules. Basic computer literacy and high-speed access to the Internet are required. Our courses follow the standard academic calendar of the College (unless otherwise indicated), are generally not self-paced and may include face-to-face class meetings. NVCC online math courses require campus meetings for exams. For more information, please contact the Department of Mathematics at 203-575-8063.

Student Support

<https://websupport.ct.edu>

Hybrid Courses

Hybrid sections are defined as courses whose contact hours are split between online and on-ground (in a classroom). The first session for these classes will meet on campus. Sections with a "C" in the title indicate that the on-ground portion utilizes computer technology.

Before You Start

Students who are interested in or have enrolled in their first distance learning courses are strongly advised to visit the Connecticut Community College Student Support site at <https://websupport.ct.edu> to get information about online learning. This site includes instructions for logging on to your course(s) on Blackboard Learn (our learning management system), technical requirements needed for your computer and other important information and resources.

Reactivate

Students who have applied within the past two years, but never attended classes at NVCC, do not need to complete a new application for admission. Just stop by Room K500 and we can reactivate your old application file. If you applied more than two years ago, you must complete a new application and resubmit all admissions documents. See Page 3.

Transfer Students

If you have attended another college or university and have not previously attended NVCC, please follow the procedures for new students. Transfer students are encouraged to attend a START session and may register online if in good academic standing. If you are interested in receiving transfer credit for course work completed at another institution, submit official college transcripts to the Admissions Office. See Page 6 or visit the "Admissions links" section of our website at nv.edu/acceptedstudents.

Readmitted Students

Credit students who have not attended NVCC since the spring of 2016 will need readmission to the College prior to registration. Readmit students are subject to the curriculum requirements in existence at the time of readmission. A readmission form must be submitted to the Office of the Registrar prior to, or at the time of registration. This application can be found on the College website or in the Office of the Registrar located in Room K516. Students who have not been in attendance for more than five years must resubmit proof of high school graduation to maintain degree-seeking status. Readmit students must see an academic advisor in order to register. See Page 6.

Looking for a rewarding career with in-demand employment opportunities?

Check out NVCC's Cybersecurity Associate Degree program!

The program provides preparation for students to obtain entry-level positions in the field of cybersecurity and computer crime deterrence. It also provides preparation and assistance to students for successful transfer to other institutions of higher education. It provides essential skills required to gain and to maintain employment at entry level positions as computer crime investigators, computer security specialists, and federal law enforcement officers.

Curriculum

This program combines elements of both NVCC's Criminal Justice and Computer Information Systems programs to offer students a strong grounding in understanding the investigative nature of cybersecurity in the criminal justice realm as well as gaining technical skills in computer science networking and programming. Many classes are mapped to support industry certification testing after course completion, including CompTIA Network+, Security+ and Project+.

- CT Department of Labor projects demand in computer science to increase by 17.4% between 2012 and 2022. Demand for information security analysts is projected to increase by 18.6% during that same time frame.
- Nationally, there are more than 209,000 unfilled cybersecurity jobs in the U.S. since 2011.
- Demand for information security professionals is expected to grow by 53% through 2018 according to the Bureau of Labor.
- Highest demand for cybersecurity workers is in finance, manufacturing, defense, health care and retail trade.
