Guests: Nikki McGary

The meeting was called to order at 2:30 by Jason Seabury

1. Approval of minutes from October 12, 2017 meeting.
 - a. Motion to approve: Lisa Anderson
 - b. Seconded: Sandra Eddy
 - c. Approved with 2 abstentions

2. Review of courses applying for Global Knowledge competency.
 - a. Motion to vote as a block: Amy Lenoce
 1. Seconded: Pete Benzi
 2. Approved: Unanimous

 - b. Discussion of SOC 101, 210, 211
 - c. Motion to accept all courses: Jamie Hammond
 1. Seconded: Karla Ekquist-Lechner
 2. Approved: Unanimous

3. Discussion

1. Do we feel we need to review competencies as a committee? The current structure has the content expert look at it alone before the documents proceed to CEAC.

Committee felt there was value to having many people look at the documents and discuss ideas as we had done in the past.

2. Faculty meeting this week discussed the future structure of the new CT Community College and what types of committees may exist in 2017. There will be one more meeting on Monday November 13 to continue this conversation.

3. TaskStream will be used for data assessment; now at NVCC and in the new CT Community College. Assessments must be rubric based to work with the system.

A Best Practices FAQ document will be created by Beth-Ann Scott (2018-2019 AR task)
FIRC wants to know which competency we will evaluate with TaskStream in 2017-2018.
TaskStream training for the committee will occur in Fall 2017- Spring 2018.

The meeting was adjourned at 3:30.

Respectfully Submitted,

Amy Lenoce
