

## **2020 Respiratory Care Associate Degree Program Application**

## **IMPORTANT - Application Deadline: January 15, 2020**

New students to NVCC must first submit an NVCC application and required documents to Admissions and be accepted to the College before completing this application. Visit www.nv.edu/apply. Applications will be pre-screened in the order they are received and applicants will be notified of any missing requirements. Applications submitted close to or on the application deadline date are not guaranteed a prescreening. It is strongly recommended you apply early; however doing so does not increase your chances of being accepted. All applications and supporting materials MUST be submitted by the closing date of January 15, 2020 or your application will be considered incomplete and you will not be eliqible for consideration. Late applications will be considered only after all other eliqible candidates who applied by the application deadline have accepted or declined their position.
