Legend:

Sts = status of the class.

- **A** = Active | The class is active and currently open to students for registration if the registration period is open and has not closed.
- **CL** = Closed | The class has reached its enrollment capacity no additional students will be allowed to register if the registration period is open.
- **C** = Cancelled | The class has been cancelled and removed from the registration schedule.

CRN = course registration number, this is a unique numeric number assigned to classes each semester. Staff will often ask you what is the CRN of the class since this is an important reference number.

Subj = the subject matter you will be learning about.

Crse = course number for class for which you are registering.

Sec = section and gives you some insight as to where this class will be taught.

- **Wxx** = Waterbury class is held on the Waterbury Campus. Ex: W01
- **Dxx** = Danbury class is held on the Danbury Campus. Ex: D01
- **WLx** = Waterbury Late start class - The class begins two weeks after the regular semester begins and will be held on the Waterbury Campus. Ex: WL1
- **DLx** = Danbury Late start class - The class begins two weeks after the regular semester begins and will be held on the Danbury Campus. Ex: DL1
- **Lxx** = Late start class scheduled with one of the online modalities. Ex: L01

Textbook = Textbook information for the class can be found here.

NOLO = Textbook materials totaling $40.00 or less.

Cred = The number of credits earned at the end of the term if you successfully complete the class with a passing grade.

Title = Title of the class you will be learning about.

Inst Meth = The instructional method used to teach the class. Learn about the different methods at nv.edu/instructionalmethods.

Days = The days of the week the class will be held.

- **M** = Monday
- **T** = Tuesday
- **W** = Wednesday
- **R** = Thursday
- **F** = Friday
- **S** = Saturday
- **U** = Sunday

Time = Time of day the class will meet.

Cap = The enrollment capacity for the class, number of seats the class will hold/allow.

Act = The number of seats already taken by students registered for the class.

Rem = The remaining seats available for students. Students may register for open seats when registration is open.

Instructor = The name of the instructor teaching the class.

Date = The duration of the class which includes the start date of the class and the end date of the class.

Location = Where the class will be held.

- **H_OL ONLINE** = Class is held online.
- **H_OL OL_LRON** = Class is held online at a specific time.
- **TBA** = Class has an online component.
- **HDANB Dxxx** = Class is held on the Danbury Campus for Ex: HDANB D301 this class is held in room 301.

All other locations with a room number are located on the Waterbury Campus.
